

**AN ORDINANCE**

**BY COUNCILMEMBER ANNE FAUVER**

**AN ORDINANCE TO AMEND CHAPTER 10 OF THE CODE OF ORDINANCES OF THE CITY OF ATLANTA, GEORGIA SO AS TO AMEND THE DEFINITION OF "DISTANCE" CONTAINED IN SECTION 10-1; TO AMEND THE WAY MEASUREMENT OF THE DISTANCE BETWEEN ALCOHOL LICENSED ESTABLISHMENTS AND DESIGNATED USES IS MADE; TO ELIMINATE DISTANCE REQUIREMENTS FROM PARKS AND LIBRARIES; TO DELETE AND CONSOLIDATE REDUNDANT OR OBSOLETE SECTIONS OF THE CODE IS SECTION 10-91, 10-92, 10-94; TO DELETE SECTIONS 10-95, 10-113 DEALING WITH GRANDFATHERING AND FOR OTHER PURPOSES.**

**WHEREAS**, the City of Atlanta has an interest in regulating, through the lawful exercise of its police powers, the sale of alcoholic beverages in order to provide for the safety and welfare of the citizens of the City of Atlanta and its visitors; and

**WHEREAS**, the Public Safety/Legal Administration Committee of the Atlanta City Council formed a task force, known at the Alcohol Technical Advisory Group (ATAG), to undertake the review of the alcohol licensing code; and

**WHEREAS**, ATAG has completed a review of several areas of the alcohol licensing code and recommends approval of this ordinance; and

**WHEREAS**, the State of Georgia and the City of Atlanta have enacted ordinances establishing that alcohol licensed premises shall be required distances from certain designated uses of land, and the City Code contains different ways to measure those distances and those ways of measurement are different from State provisions; and

**WHEREAS**, ATAG recommends that the measurement be made using the State method of measurement by making the City method the same as the State; and

**WHEREAS**, the City currently requires that alcohol license establishments be located certain distances from libraries and public parks while the State does not have such requirements; and

**WHEREAS**, as development within the City becomes more and more dense and development in certain areas of the City is encouraged, the City should eliminate some of those distance requirements that the State does not require and that seem to serve populations of children at different hours than many alcohol licensed establishments operate; and

grocery supermarkets and pharmacies having difficulty meeting the required percentage of gross revenues to be exempted from the distance requirements; and

**WHEREAS**, certain distance exemption provisions are redundant and should be combined particularly in sections 10-92(a) and 10-94(a); and

**WHEREAS**, the City wishes to make these changes to the distance requirements effective on all new and existing alcohol licensed establishments by eliminating the current grandfather clauses contained in Atlanta City Code §§ 10-88, 10-88.1, 10-95 and 10-113 by deleting those clauses.

## **Section 2.**

That Chapter 10, Article II, Section 10-88.1 is amended by deleting the present subsections which read as follows:

### **Sec. 10-88.1. Package stores.**

- (a) No package store, as defined in section 10-1, shall be located within 1,500 feet of any other package store. This distance shall be measured by the most direct route of travel on the ground, in accordance with O.C.G.A. § 3-4-49. An application for a renewal license to sell distilled spirits by the package shall not be subject to this restriction if the location associated with such application is one for which a license to sell distilled spirits by the package has been issued prior to July 1, 1997. An application for a renewal license to sell beer and/or wine by the package shall not be subject to this restriction if the location associated with such application is one for which a license to sell beer and/or wine by the package has been issued prior to July 1, 1997. Nor shall the restriction of this subsection apply to any location for which a new application to sell distilled spirits by the package has been filed with the police department if the sale of distilled spirits by the package was lawful at any time during the 12 months immediately preceding such application. Nor shall the restriction of this subsection apply to any location for which a new application to sell beer and/or wine by the package has been filed with the police department if the sale of beer and/or wine by the package was lawful at such location at any time during the 12 months immediately preceding such application.
  - (1) This restriction shall not apply to:
    - a. Any hotel licensed for the sale of alcoholic beverages.
    - b. A retail grocery supermarket or pharmacy:
      - i. Which contains an interior floor area of 14,000 square feet or more; and
      - ii. In which not more than five percent of the interior floor area of such store is devoted to the display of beer and/or wine products for retail sale; and
      - iii. Which derives less than eight percent of its gross receipts from the sale of beer and/or wine.
  - (2) Any store which is construed to be a package store pursuant to this chapter and which sells beer and/or wine, but not distilled spirits, shall not be required to meet the 1,500 feet distance requirement between package stores, as set forth above, in regard to its distance between a retail grocery supermarket or pharmacy selling beer and/or wine, but not distilled spirits, which contains an interior floor area of 14,000 square feet or more and which is already in existence and is located in either a

shopping center, which, for purposes of this section and notwithstanding the definition of a "shopping and retail entertainment center" as that phrase is defined in section 10-1, is comprised of 45,000 square feet or more, which contains at least three or more commercial establishments planned, developed and managed as a unit, which provides common on-site parking facilities; or which is located in a mixed-use development (as that term is defined in section 16-29.001(24)) comprised of 45,000 square feet or more, if such package store will be located within such shopping center or mixed-use development as defined herein.

Any other package store seeking to obtain a license in a shopping center or mixed-use development, as defined above, in which a package store other than a retail grocery supermarket or pharmacy is located shall adhere to the 1,500 feet distance requirement between package stores as set forth above. Distance requirements contained in this chapter between all other package stores shall remain in effect.

Pursuant to this provision, any package store seeking to obtain a license to sell either beer, wine, and/or distilled spirits in either a shopping center or mixed use development, as such terms are defined above, in which is already located a retail grocery supermarket or pharmacy which is licensed to sell alcoholic beverages by the package, and also in which is already located any other store which is licensed to sell alcoholic beverages by the package shall be required to meet the 1,500 feet distance requirement set forth above as to each of these existing stores. However, this provision shall not affect any locations within either an existing shopping center or mixed-use development for which a valid license to sell alcoholic beverages was in effect on the date this section became effective.

- (b) No package store, as defined in section 10-1, shall be located within the following distances of the specified other uses:
- (1) From any structures in residential use, 600 feet.
  - (2) From any public or private school, 600 feet.
  - (3) From any public or private park or recreation facility, 600 feet.
  - (4) From any public library branch, 600 feet.
  - (5) From any church or similar place of religious worship, 600 feet.
  - (6) From any public or private hospital or mental health care facility, 600 feet.
  - (7) From any child care or day care facility, 600 feet.

The distances in subsection (b)(1—7) are to be measured in a straight line from the closest point of the property line of the site proposed to be occupied by the package store to the closest property line of any use identified above.

Package stores that derive less than five percent of their gross receipts from the sale of alcoholic beverages shall be exempt from the distance requirements set forth in subsection (b)(1—7) above.

In order to be exempt from the distance requirements set forth in subsection (b)(1—7) above, an applicant for a license to sell alcoholic beverages by the package is required to file with the police department a sworn statement stating that it is the applicant's belief that the subject package store will derive

less than five percent of the package store's gross receipts from the sale of alcoholic beverages. This statement shall accompany the original application for a license to sell alcoholic beverages by the package.

In order to obtain exempt status when renewing a license to sell alcoholic beverages by the package, the applicant for renewal must provide the police department with a statement from a certified public accountant that proves that during the preceding year, the package store did in fact derive less than five percent of its gross receipts from the sale of alcoholic beverages. For the purposes of this section, revenue derived from the sale of lottery tickets or related games of chance shall not be calculated when determining gross receipts.

The failure of an applicant for renewal to provide the police department with a statement from a certified public accountant evidencing that the package store derived less than the percentage established by ordinance of gross receipts from the sale of alcoholic beverages, shall result in the denial of a renewed license.

- (c) Except as otherwise provided in section 10-113, a location licensed for the retail sale of packaged alcoholic beverages on or before May 6, 1997 shall not be required to comply with the distance requirements set forth in subsection (b)(1—7) above provided that such location is not expanded or enlarged.
- (d) Applicants for a package store license shall include with their application, a plat of survey prepared and sealed by a surveyor registered in the state certifying that all of the locational requirements listed above in subsection (a) have been met. Such applications shall be reviewed by the bureau of buildings for compliance with all distance requirements.
